PRODUCT DATA SHEET	
NAME OF THE PRODUCT	SINKOOL HD 10
SPECIAL FEATURES	<ul style="list-style-type: none"> ● Sinkool HD 10 is specially formulated for modern mass finishing process. ● Sinkool HD 10 is a blend of high technology surfactant & Bio-stables. ● It is provide consistent process quality for every application. ● It is a universal cleaning compound with corrosion protection for all ferrous and nonferrous metals. ● Sinkool HD 10 has good ability to remove contaminants from the surface of components such as metal particles, grease, oil and media fines etc. ● Sinkool HD10 is a Surface Tension reducing product. ● Sinkool HD10 dislodges the dirt from the metal surface efficiently there by the dirt does not get re-deposited on the metal surface. ● It is having alkaline pH. ● It has an excellent anti-corrosive property. ● Due to special additives it is devoid of bacterial growth. ● No skin irritation. ● Sinkool HD 10 is made from natural ingredients. ● Sinkool HD 10 helps to reduce Millipore values of the components. This is possible due to its very low surface tension characteristics and ability to remove oil and dirt.
DILUTION	<ul style="list-style-type: none"> ● 3-5% with Soft/DM/RO water.
APPLICATIONS	<ul style="list-style-type: none"> ● This product is a Surface tension reducing chemical for vibratory bowl application. Used in all applications where the dirt is to be dislodged from the metal surface.
TECHNICAL DATA	<ul style="list-style-type: none"> ● Appearance :- Light pink color liquid ● Odour :- Characteristic odour ● Specific gravity @29.5°C:- 1.0 -1.1 ● pH of 3% Solution :- 10.5 (+/-1) ● Solubility in water :- Freely Soluble
MATERIAL OF CONSTRUCTION TO BE USED ON	<ul style="list-style-type: none"> ● Cast Iron ● M.S. ● Steel
PACKING & STORAGE	<ul style="list-style-type: none"> ● 210 LITS PLASTIC BARREL. & Store in a cool, dry, well ventilated place. Use properly labeled and closable containers. Avoid direct sunlight, heat sources, and strong oxidizing agents.

SAFETY INFORMATION: - Although this product does not pose a significant hazard to health a good standard of hygiene And housekeeping should be protected when using all type of industrial safety materials. Refer MSDS of the product.
