

POLYCHEM PVT. LTD.

Creating Value Through Innovation

Global Technical Solution Provider & Exporter of Specialty Chemicals

www.victorypolychem.com

About Us

Victory Polychem is an ISO 9001-2015 certified manufacturer and exporter of Specialty Chemicals. Victory Polychem was established in 1994 by late Dr. A.V.Kaulgud, an eminent scientist in the field of lubrication. We are living the vision “MAKE IN INDIA” and we specialize in creating innovative tailor made solutions including import substitutes in an environmentally friendly and cost effective way. We are successfully “exporting” the import substitutes. We are an active and certified member of Society of Tribologists and Lubrication Engineers, Chicago, USA and we are constantly creating solutions that meet global standards. We have a state of the art manufacturing and testing facility located in Pune (MH) India.

Our Core Values

We at Victory Polychem are committed to solve our customer's challenges through innovation and quality in such a way that it will enable them to do their business efficiently, resulting in saving global fuel and energy while conserving the environment”

Value to Customers

Through cost-saving solutions tailored to unique challenges and outstanding after-sales service.

Organization before Self

All our thoughts and actions are committed to the good of our organization, prioritizing growth and prosperity before self-interests.

Constant Innovation and Learning

We are technology leaders in our industry and continuously learn, upgrade, and innovate to maintain a competitive edge.

Adopt to Change

We are open, flexible, and embrace changes willingly, refocusing on our goals and executing swiftly.

Merit-based Opportunities

We help individuals thrive based on merit and create growth opportunities for our employees.

- Mr. Ameeth Kkaulgud - Director, Technology

Education :

- MS in Material Science, University of Massachusetts, USA
- Six Sigma Green Belt, USA
- STLE [Society of Tribology and Lubrications Engineers] Certification, USA

- Mrs. Kranti Kkaulgud – Director, Finance and Operations

Education :

- MBA, University of Massachusetts, USA
- MS, Computer Information Systems, UNH, USA
- Six Sigma Green Belt

Our Infrastructure

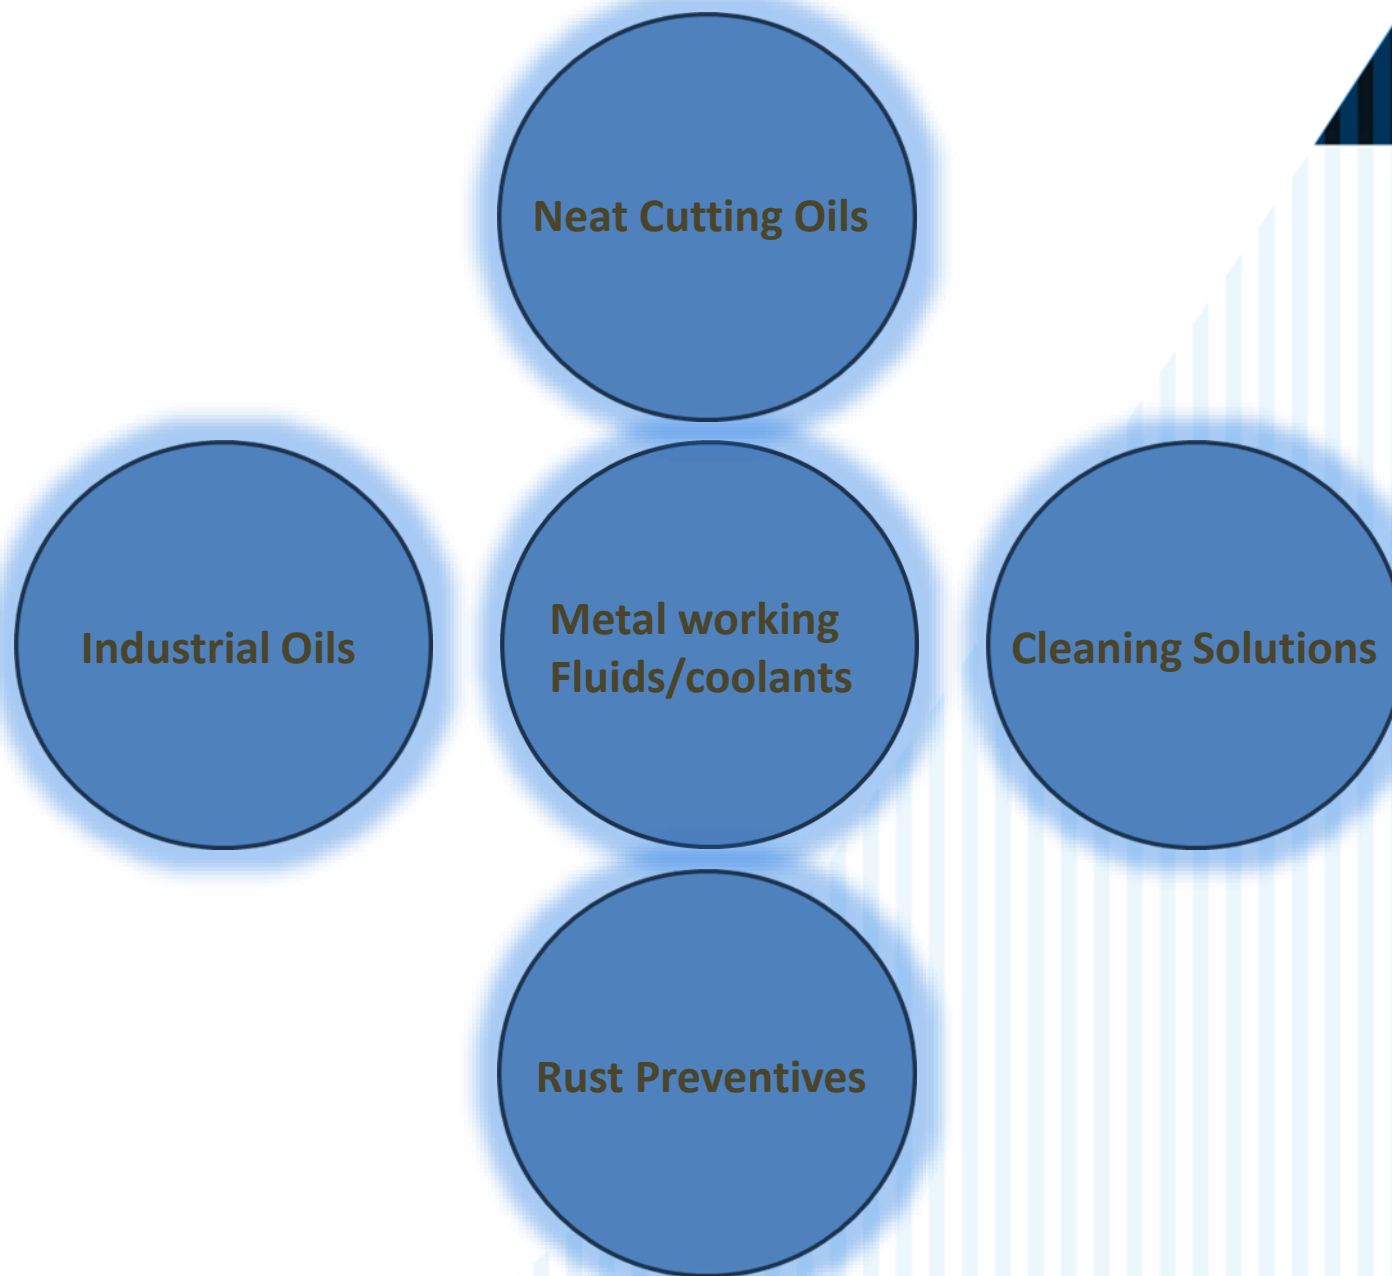

Laboratory test facilities

We believe in continuous improvement and development. We have an inhouse state of the art testing laboratory and R&D center to cater to customers service requirements and new developments. We have applied for NABL certification for the lab and will receive the same shortly. We periodically test our samples and make continue improvements in the same

Our Infrastructure

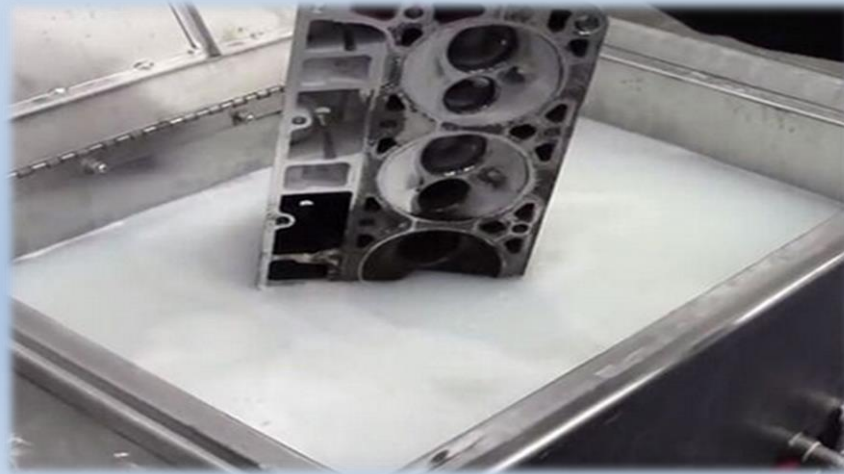

Our Products

Our niche is our products which work in an environmentally friendly way

- Industrial Cleaning Solutions
- MWFs /Coolants
- Rust Preventive and protective/preservation Solutions
- Stamping / Forming Solutions
- Engine testing and preservation fluids
- Engine coolants
- Engine Reconditioning fluids.
- Specialty Lubricants for Marine, Railways, Mining, Power Generation Applications
- Tailor-made/ customized products

Industrial cleaning solutions.

we provide different types of water based and bio degradable cleaning solutions which are replacement for MTO and solvent based products.

Metal working Fluids.

We provide metal working fluids and cutting oils which are easy to use and biodegradable with excellent functionality.

Rust Protection/ Prevention.

We provide excellent rust prevention and protection chemicals which are biodegradable and non hazardous.

Metal Reconditioning Chemicals.

We provide eco friendly chemicals for use in metal reconditioning industry. Mainly cleaning solutions, De-greaser, De-scaling, Rust removing and Paint Stripping Chemicals.

Engine testing and preservation fluids.

We are the only manufacturer in India to manufacture engine testing fluids with VCI technology which provides rust protection for many weeks. This can be used to test the engine on the testbed and then directly sent for storage or transport after draining. This eliminates an entire operation of preservation after the test resulting in time and cost saving compared to other products in industry

Engine Coolants.

We provide water based and glycol based coolants for engine which are long life and cost effective.

Why us

- We are a technical solution provider
- We go to the root level to understand the product application and process variables and then suggest a solution
- We take trials till the customer is satisfied and then freeze the product. We have a very competent after sales service team which ensures that customer expectations are constantly met.
- We excel in “IMPORT SUBSTITUTES” which helps us be very price competitive and also enables our customers to order “JUST IN TIME”
- Extremely QUALITY focused and quickest TURN AROUND time.
- Our Products are BIODEGRADABLE and environmentally friendly
- We have expertise in replacing OIL based products by WATER based products which bring down the TCO significantly.

Our journey so far.....

Our Journey

By 2029, we want to be a 160 cr company with a listing on BSE

Victory Polychem acquired a new 70000 sq. ft. premises

2023

Polychem starts operating with new identity as Victory Polychem Pvt.Ltd .

2022

Victory Polychem acquired a new 20000 sq. ft. premises

2015

The Sales graph starts climbing

2011

2nd Generation – Ameeth & Kranti Kkaulgud joined

1994

Polychem was incorporated in a 500 sq.ft in Kothrud, Pune.

Our Achievements

MCCIA Innovation and Entrepreneurship Award 2015

Received the prestigious SKOCH Award 2019 at New Delhi and is now among the Top 200 MSME's in India...

WINNER

**Hari Malini Joshi Award for
New Product Design and
Innovation Year 2015**

WINNER

**Cummins India
ABO Supplier Awards
Year 2015**

Received Best Supplier Award 2016 at the hands of Anant Talaulicar CMD Cummins and Mr Tim Millwood, V.P Procurement Cummins USA.

Victory
POLYCHEM PVT. LTD.

पेटेंट कार्यालय, भारत सरकार | The Patent Office, Government Of India
पेटेंट प्रमाण पत्र | Patent Certificate
(पेटेंट प्रणाली का नियम 14) | (Rule 14 of The Patent Rules)

पेटेंट नं. / Patent No. : 509474
 आवेदन नं. / Application No. : 201921028880
 प्रदान करने की तारीख / Date of Filing : 18/07/2019
 पेटेंट / Patentee : Ameeth Kkaulgud

इसमें प्रमाणित किया जाता है कि पेटेंट की आवेदनकर्ता को आवेदनित OIL-IN-WATER EMULSION BASED COOLANT FOR TESTING OF ENGINES नामक आविष्कार के लिए, पेटेंट अधिनियम, 1970 के उपबंधों के अनुसार प्राप्त किया गया है।
 It is hereby certified that a patent has been granted to the patentee for an invention entitled OIL-IN-WATER EMULSION BASED COOLANT FOR TESTING OF ENGINES as disclosed in the above mentioned application for the term of 20 years from the 18th day of July 2019 in accordance with the provisions of the Patent Act, 1970.

12/02/2024
 Controller of Patents

Ameeth Kkaulgud, (Director), has been granted a patent for his research on "Oil in water based emulsion for engine testing."
